2025  
CONSUMER  
SATISFACTION  
REPORT

A total of 129 consumers elected to participate in the consumer survey. These consumers received services from 01/01/2025 to 06/30/2025. Please note that a significant number of consumers indicated "No response" to certain questions when still working on their initial goals. We found it interesting that most consumers who elected to not give a response to question 6 indicated that it was due to social isolation and not leaving their house often.
