A CENTER PROMOTING INDEPENDENT LIVING

Annual Report

2025

ABOUT US

As a certified Center for Independent Living, DRS provides services (free of charge) that empower individuals with disabilities in our community to achieve their maximum level of independence at home and in the community by setting and achieving goals, enhancing self-esteem, self-advocacy, and providing peer support and education.

We do this by providing 5 core services:

- 1) Advocacy
- 2) Independent Living Skills
- 3) Information & Referral
- 4) Peer Support
- 5) Transitions

CELEBRATING A LEGACY OF IMPACT

AGE + ACTION

In May of 2025, Disabled Resource Services Participated in our second annual visit to the National Council on aging conference to network, collaborate, and learn about best practices in our field. As a certified benefits enrollment center (BEC), Disabled Resource Services has increased its focus on helping individuals, specifically older or disabled adults, become aware of any benefits they may be entitled to and helping them obtain those benefits

PROJECT HOMELESS CONNECT

**PROJECT
HOMELESS
CONNECT**
.....
FORT COLLINS

In April of 2025, Disabled Resource Services participated in the annual Project Homeless Connect, which is an event geared towards individuals and families experiencing homelessness. Individuals could receive a multitude of vital services including but not limited to: health exams, haircuts, housing information, ID services, legal services, pet services, and much more

OUTREACH

While Disabled Resource Services participates in annual events, we also understand the importance of consistent outreach to the community. With this in mind, we perform outreach in Loveland, Fort Collins, and Estes Park by visiting the Loveland Resource Center twice a month, the Murphy Center twice a month, and the Estes Park Senior Center once a month
